**Who, When, and Where**

## Member Focus:

### Blake Everett

**Aces' newest member is doing something special with his magic.**

When Blake Everett was younger he came into PJ's for the first time with a friend to check-out the practical jokes. Then he kept coming back – But for the magic section!

Now at 17 and a junior at Hersey High School Blake is a member of the schools S.O.S. program (Service Over Self), which provides students the opportunity to provide various community services. A teacher approached Blake about performing his magic as part of a group of S.O.S. students putting together a variety show, which was to be performed at a local Senior Center. That led Blake to do a tour performing stage and close-up magic at other local Senior Centers and Elementary School Special Needs classes as part of the S.O.S. program.

Blake is no stranger to community service. Through his church he has done mission work building homes and churches in Mexico and in Louisiana after Hurricane Katrina. He is also an active member of Hersey's football and track teams as well as playing the drums in two bands.

## A Word From Our President

**Bill Koch**

If you were fortunate enough to go to [www.google.com](http://www.google.com) on March 24th, you would have seen something quite captivating. Harry Houdini was featured on the Google Homepage. The "Doodle" as it is now known was the first one to be given an interesting Patent. The U.S. Patent office has declared that the Google Doodle will forever be known as the "System and Method for Enticing Users To A Web Site." After nearly a decade of lobbying, Google won its patent for its popular homepage doodles, which have frequently portrayed famous people including Houdini, video games such as Pac-Man, and movies such as Wizard of Oz. Why was Houdini portrayed on the Google Doodle? March 24th was the legendary illusionists birthday. Magic is all around us, even on Google.

## Make Believe

Showtime has picked up the movie Bill co-starred in called Make Believe. If you have Showtime please look for it April 12<sup>th</sup> for the first showing at 6:30pm. DVD's will be for sale at PJs Trick Shop as soon as they are released this summer. Ask about preordering.

Blake plans to spend his summer break not only polishing his magical skills but is very excited to take a trip to Longs Peak Colorado to mountain climb with his father.

Keep up the good work Blake and keep spreading the magic around our community!
